Work Experience

Supply Teacher & Teaching Assistant - Aspire People - Nuneaton

February 2025 to May 2025

I was **responsible for managing student behaviour** in the classroom, helping maintain a **focused and respectful learning environment**. My role included both **leading classes independently** and **supporting teachers**, ensuring pupils stayed engaged and on task. This position required strong **classroom management, communication**, and the ability to **adapt quickly** to different teaching styles and student needs.

Device Technician - Smart Cherry Mobiles Ltd. - Nuneaton

September 2023 to June 2024

I was **responsible** for overseeing the **smartphone trade-in process**, ensuring efficient evaluation and smooth handling of devices from customers to the company. My role involved **assessing item value, negotiating fair terms, customer service** in person, over the phone, email, and live chat, and securing a seamless transaction experience. I consistently aimed to **maximise trade-in value** while delivering **exceptional customer service** and maintaining **strong profitability**.

General Maintenance Worker - Chaplin Bros (Birmingham) Ltd. - Sutton Coldfield

June 2023 to July 2023

I assisted in relocating office equipment and supplies between buildings, ensuring the safe and efficient transport of all items. My responsibilities included **groundskeeping tasks** such as weed removal and bush trimming to maintain a professional exterior environment. I also performed painting work on machinery, adhering strictly to safety protocols and using the appropriate protective equipment.

Production Assistant - Chaplin Bros (Birmingham) Ltd. - Sutton Coldfield

May 2022 to June 2022

I was involved in wire production support, assisting with **reeling, labelling, and packaging** to meet client specifications. I performed **quality assurance checks** to ensure consistency and accuracy throughout the process. Additionally, I operated machinery to ensure the wire output matched exact client requirements, demonstrating **attention to detail** and **technical precision**.

Stock Counter - Orridge & Company Ltd.

April 2022 to May 2022

I was **responsible for accurate and efficient stock counts** in store sections such as Boots, Pep & Co., and Poundland. This involved using a **handheld scanner** as well as performing **quick manual counts** and data entry of stock levels on shelves and in storage. The role required strong **attention to detail, speed**, and the ability to **work independently** under time pressure.

IT Tutor - King Solomon International Business School - Birmingham

July 2019 to August 2021

In the summer of 2019, I volunteered at a Summer Code Camp, where I taught children the **fundamentals of coding** using simple, non-technical language to ensure accessibility. During my time at Aston University, I also hosted my own **Java programming** sessions at a local high school using the Processing environment. I independently created all the teaching materials, demonstrating strong **communication, initiative**, and the ability to deliver engaging and effective instruction.

Production Assistant - Chaplin Bros (Birmingham) Ltd. - Sutton Coldfield

June 2021 to July 2021

I was involved in wire production support, assisting with **reeling, labelling, and packaging** to meet client specifications. I performed **quality assurance checks** to ensure consistency and accuracy throughout the process. Additionally, I operated machinery to ensure the wire output matched exact client requirements, demonstrating **attention to detail** and **technical precision**.

Web Developer - Ace Hub @ Solihull College - Solihull

November 2018 to February 2019

In my final year of college, I took the initiative to start a **web development** project for a live business. The task involved either **redesigning** the existing website or building a new one from scratch for a hair and beauty salon called *Born Beautiful*. The goal was to create a site that clearly presented all essential salon information, demonstrating my **creative design skills, technical development ability**, and **self-motivation**.

App Developer - Digital Innov8ors - Birmingham

November 2017 to March 2018

During the second half of my Level 3 Foundation course and the holiday break, I worked on a project called *Adventures in Bodiwell*—an educational application designed for children. The app aimed to help users learn and understand the human body through interactive features and simplified content. This project showcased my **creativity, educational focus**, and ability to develop **user-friendly digital experiences**.

Personal Statement

I am an **optimistic, energetic, and responsible individual** who works exceptionally well in team environments and takes on responsibilities with confidence. Known for my **punctuality and strong time management**, I value time highly and consistently demonstrate reliability—earning 100% attendance throughout my academic journey and being awarded *Student of the Year* in college. I approach tasks with **focus, discipline, and minimal distractions**, ensuring that my work is completed to a high standard without compromising the productivity of others. With a strong sense of **self-motivation**, I continuously strive to improve, set higher goals, and achieve long-term success in everything I pursue. Outside of work, I enjoy exploring technology, connecting with people online, playing video games, and listening to music, which helps me stay balanced and open-minded.
